Description
2022/2023 MAS Contract Pricing:
GSA Motorola Pricing Extended to the Lake Havasu City

Upgrade Motorola system to latest **FutureOps** control and management software.

Freight/Shipping will be billed at cost separately.

Engineering time to assist the City of Lake Havasu with the installation and optimization of new system.

Replace IRRInet M controllers with 12 Motorola ACE3600 RTU + 5 RIO controllers with Cellular LTE/5G Modems to FEPb Gateway.

We have assumed 3 32 Station Motorola ACE Controllers and 9 16 station controllers - all with the Field Ready Unitbass embly and an addition 5 controller "Remote Sites". All new units will be on Cellular, except the "Remote Site RIOs",b which will communicate to the ACE3600 master on radio and will be solar powered. The subscription costs are for theb cellular data only per site (X12) and include the entire 12 months following installation.

GSA Contract GS-07F-0185X, LHC Contract 500312
SIN 517312 applicable to all Part #s Quoted

GSA Pricing Extended on all line items and part #s.

OPTIONAL ADD ON under "Optional" for additional RIOs and conversion of existing ACE3600s to Cellular.

DISCOUNT: Branif will provide \$1,000 / New Piccolo XR traded in and \$500 / Used Piccolo XR, for a total of \$2,500 - asre flected in the quote under "discount".
