RE: Proposed Development – Northwest Corner Mesquite Avenue & Riviera Drive
April 7, 2025, Neighborhood Meeting

Dear Property Owner or Neighborhood Association Representative:

On behalf of Circle K Stores, Inc., (“Circle K”), you are cordially invited to a neighborhood meeting to discuss a proposed Circle K convenience store and Clean Freak car wash on approximately 2.44 net acres located at 51 Riviera Drive, the northwest corner of Mesquite Avenue and Riviera Drive (the “Site”). The proposed convenience store building is approximately 5,200 square feet with fuel pumps. Enclosed is an aerial of the Site, Site Plan, and Building Elevations. Circle K anticipates filing a Planned Development Rezone and Development Plan with Lake Havasu City to develop the convenience store and car wash. Circle K also anticipates requesting modifications to the building, landscape setbacks, and the parking requirements.

A neighborhood meeting will be held at the time and place listed below to discuss the proposed development and to answer questions you may have. The neighborhood meeting will be held:

Monday, April 7, 2025, at 6:00pm
Quality Inn and Suites
271 S. Lake Havasu Avenue, Lake Havasu City, AZ 86403

No applications have been submitted to the City at this time and this development is not scheduled for any public hearings.

If you have any questions regarding this proposal or are unable to attend the neighborhood meeting, please contact Lisa Gage, lgage@raylawaz.com or me at 602-536-8983, bray@raylawaz.com.

Thank you.

Sincerely,

Brennan Ray

Neighborhood Meeting Minutes

Mesquite and Riviera Neighborhood Meeting Report
Monday, April 7, 2025, at 6:00pm
Quality Inn and Suites
271 S. Lake Havasu Avenue, Lake Havasu City, AZ 86403

Attendees:

Lisa Gage- Ray Law Firm
Brian Dahlke – Circle K

Overview:

Four members of the community attended the meeting. Exhibits on easels were set up around the conference room and Ms. Gage gave a brief overview of the proposed Circle K convenience store with fueling station and Clean Freak carwash while walking them through the exhibits. Community members asked questions and shared concerns throughout the brief presentation.

Questions and comments:

Answers, if required, are directly below each comment or question in italics.

1. There was a concern raised regarding whether a wall will be constructed at the corner of the proposed development, and if so, whether it could obstruct visibility for drivers at the stop sign attempting to see oncoming traffic traveling east on Mesquite.

***Response:** A wall is not currently proposed at the corner of the site.*

2. Recently a stop sign was put on Riviera Drive north of the proposed development and this has altered traffic patterns at the Mesquite & Riviera intersection.
3. Traffic between 10:00am-2:00pm is the craziest of people going to medical appointments.
4. Residents had questions about the security at the convenience store.

***Response:** It was noted that Circle K utilizes an advanced security system, including over 20 cameras strategically placed throughout the interior and exterior of the store. The interior layout has also been redesigned to enhance staff visibility across all aisles and toward the front entrance. As a committed member of the community, Circle K actively collaborates with local law enforcement agencies to help ensure a safe environment for both customers and employees.*

5. Concerns over cut through traffic from people going south on Riviera and don't want to stop at the stop sign to turn right onto Mesquite.
6. One resident asked how many customers per hour will visit the c-store?

Response: *The number of visitors to the c-store varies from location to location and hour to hour so we could not accurately provide that information.*

7. Residents expressed concerns about the existing intersection, noting that frequent accidents occur due to multiple lanes being managed solely by stop signs. They asked how traffic from the proposed development might further impact the situation. They asked for a copy of the TIA to be emailed to them when it becomes available.

Response: *We agreed to share the TIA when it is completed.*
