

Notice of Public Scoping Meeting
Re: Updated Conceptual Plan
Lake Havasu City, AZ
APNs: 110-09-031 thru 110-09-039

You are invited to a public meeting regarding an updated conceptual plan for your neighborhood. Lake Havasu City requires a public scoping meeting as part of its review process. The meeting intends to present the proposed re-design of the conceptual plan and provide an opportunity for public comment before the Planning Commission and City Council hearings.

Background

Lake Havasu City was conceived as a master-planned community in 1963 with a recreational and residential emphasis. Most of McCulloch's original master plan remains intact. One of the planning principles McCulloch used in the '70s includes using high-density residential as a buffer between commercially zoned areas and single-family residential homes. This concept provides a concentration of residents to utilize the commercial as well as a transition between the commercial and single-family neighborhoods. McCulloch used this strategy throughout the city.

Intent

The owner/developer of the ten (10) lots at McCulloch Blvd South and Delta Drive proposes a re-design of the conceptual plan layout that was approved on October 24, 2023, from C-1 to a Residential Multiple-Family/Planned Development (R-M/PD) with a density of 37.1 units per acre. The intent was to build a 78-unit apartment complex. The proposed re-design is to lower the density from 37.1 units per acre to 23 units per acre with a townhome complex. The owner anticipates no short-term or vacation rentals. The owner is a local construction contractor interested in providing more housing opportunities.

Once our meeting is completed, Lake Havasu City will hold two public hearings on this item, which you may also attend to express your concerns. The Planning Commission will hold a hearing and make a recommendation to the Lake Havasu City Council. The entire process will take 60 to 90 days to complete. We look forward to seeing you at the meeting and answering any questions you may have.

Re: Re-Design at properties at 701 McCulloch Blvd S. and Delta Drive

Lake Havasu City, AZ

APNs: 110-09-031 thru 110-09-039

When: Tuesday, August 23, 2024

Time: 6:00 pm

Where: Nomadic Building, 2119 McCulloch Blvd N. Lake Havasu City, AZ

Lisa Pender introduced the project to the people that came into the meeting. She displayed the proposed new building layout and the buildings. The attendees were excited about the new layout and was very happy that there would be the number of residents would be considerably less. They thought that the design was a much better layout.

The questions that they had were about offsite

The meeting concluded at 6:30 pm.
