**RE: B14-WW14-02 Calcium Nitrate Liquid Odor Management Control Program
Request to extend contract second renewal**

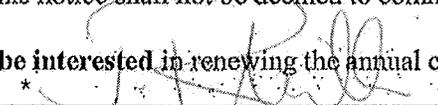

Dear Ms Miller:

As specified in the above-referenced Annual Contract, the contract for **Calcium Nitrate Liquid Odor Management Control Program** may be renewed at the expiration of its term by mutual agreement of both parties. The purchase order expiration date for this contract is June 30, 2016.

Please be advised that Lake Havasu City is interested in extending the annual contract for **Calcium Nitrate Liquid Odor Management Control Program** until June 30, 2017, if the proposed prices and conditions are to remain as specified in your 2015-16 proposal. If Lake Havasu City agrees to the extension of the contract, a Purchase Order for the Fiscal Year of 2016-2017 will be issued July 1, 2016.

Should your company wish to renew or decline the current contract, please return this document to Sharon Mann, Wastewater Division 1150 McCulloch Blvd, Lake Havasu City, AZ 86403 by May 15, 2016. This notice shall not be deemed to commit to a contract renewal.

Would be interested in renewing the annual contract for Wastewater Annual Chemicals.

Signed: *  Date: 5/20/16
*Per Attached Price Increase Letter

Would not be interested in renewing the annual contract for Wastewater Annual Chemicals.

Signed: _____ Date: _____

If you have any questions regarding this request, please contact me at (928) 855-3999.

Sincerely,

Sharon Mann
Management Specialist

**RE: 2016 - 2017 BIOXIDE® FSOC CHEMICAL PRICE
Evoqua Quote No. Q160520DT**

Dear Doug:

Evoqua Water Technologies LLC thanks you for your business and we specifically appreciate your use of Bioxide®. We fully intend to renew the FSOC Odor Control Contract for the 2016 2017 contract year. However, Evoqua is requesting a 3% price increase to help cover some of the costs of upgrading the chemical feed pumps and maintenance costs for the Vaporlinks. The Vaporlinks were not a spec item but were provided at no cost to Lake Havasu City to frequently monitor the H₂S concentrations to assist with meeting the treatment goals, respond quicker to potential odor complaints before they happen, and optimize chemical dose rates. The upgrade of the pumps will also contribute to optimizing chemical dose rates, and minimize maintenance cost at the lift stations by being able to dose into the force main and limit lift station clean outs. I hope you find this price increase request acceptable. If so, the new price will be \$1.864 and will be effective July 1, 2016 through June 30, 2017.

A license to use Bioxide® products is included with the product sale. Patents that cover aspects of the use of Bioxide® products include, but are not necessarily limited to, United States Patent Nos. 5,500,368, 6,309,597, 7,087,172 and 7,553,420 B2. Bioxide, Bioxide-AQ, Bioxide AE, AQUIT and Full Service Odor Control are trademarks of Evoqua Water Technologies LLC.

The Terms and Conditions of the original contract shall apply. The above price does not include any applicable taxes.

If you have any questions, comments or concerns, please give me a call at (941) 359-7930 or your local Sales Rep Dan Trybulski at (909) 837-9908.

Best regards,

Evoqua Water Technologies LLC
