I hope you find this price increase request acceptable. If so, the new price will be \$1.890 and will be effective July 1, 2017 through June 30, 2018. Included in this per gallon price is the cost of the use of the dosing equipment and H2S remote monitoring devices, the monthly service, and the on line monitoring capabilities.

A license to use Bioxide® products is included with the product sale. Patents that cover aspects of the use of Bioxide® products include, but are not necessarily limited to, United States Patent Nos. 5,500,368, 6,309,597, 7,087,172 and 7,553,420 B2.
