*\*\* A resumé may be attached to show additional education and work experience.*

Civic/Community activities (include civic clubs, volunteer activities, service organization, etc.)

This would be my first time volunteering for a full time volunteer position. I believe this information will be better understood in a personal interview.

List additional qualifications or experience you believe qualifies you to be on a Lake Havasu City Board/Commission/Committee

So I'm super enthusiastic I'm only 44 I've got a lot of energy. I have lived in Colorado since 1980 up in the Rocky Mountain National Park. I've lived where there is pristine land to be protected and as a community member in that area we've always done a good job to make sure that the lands were protected when we had the ability to voice our opinions at Council meetings. I also travel twice a year to Alaska for work and I visit small fishing towns and also understand how important it is to protect our wildlife and our natural surroundings. I think with all the travels I've done two unique fishing spots and areas across the country I have a unique ability to understand what is right in protecting our wildlife and our city town and state parks.

Why do you want to serve on the Board/Commission/Committee you are applying for?

Like I said in the above stated message, I'm super enthusiastic about nature wildlife and our ability as people to help Serve and Protect those areas. I have a lot of great ideas that might or might not be liked by others but definitely think I should be allowed to submit some of those and and and bring those to the committee. I am still young enough to put in a long. Of time and commitment to Lake Havasu in the surrounding areas. I absolutely love this place and I am willing to do what it takes to keep it in pristine form and the wildlife protected. I also want the community be proactive in Sharing The Parks the conservation areas and the lake more so than they do now. I think was some of the ideas I have and will bring to the table should be good enough reasons to enable people wanting to do more outdoor activities.
