Lake Havasu City, AZ
Mayor Nexsen and City Council Members

May 11, 2017

On July 1, 2016 I completed my sixth terms of service to the Lake Havasu City Planning & Zoning Commission. I will be eligible to continue that service July 1, 2017. Please consider this as my application to continue in service to P&Z.

I have lived in Lake Havasu City for over 27 years, owning a house here two years before that. I have served on P&Z for three terms, each four years in length. The first was after two years as an Associate Member. I served as Commission Chairman for four years during that time. I previously served on the Colorado Springs Planning & Zoning Commission.

I have served on many boards and commissions and several special committees. I have extensive knowledge of the Planning Department codes and procedures. I currently am a member of the Board of Adjustment, but that Board has not met for three years.

Outside of Planning & Zoning, I am involved in volunteer work with Special Olympics (coach, chaperone, publicity, secretarial work), New Horizons Center (Board Member, Treasurer, former Chairman), Galst Foundation (Trustee, Vice Chairman, Treasurer), London Bridge Civitan Club (Past President, several committee chairman), Master Gardeners (Past President, various assignments, publicity).

Appointed to the Lake Havasu City Planning & Zoning Commission, I would continue my efforts to work for the citizens of Lake Havasu and to keep building this City as a prosperous growing and well organized City.

Sincerely

Donald E. Bergen
