List additional qualifications or experience you believe qualifies you to be on a Lake Havasu City Board/Commission/Committee

Working for Selberg Associates, Inc. Architecture and Planning and being based out of our Lake Havasu City Office since February of 2004, I have seen many trends in the growth of this great community. I have a sense of the needs and desires of the community and the residents. I have a creative approach to urban planning and design and I feel that my fresh point of view will be beneficial to stimulate positive discussions regarding topics that are brought before the board. I have worked closely with City staff over the years and pride myself on the relationships I have cultivated. I also have many years of working with the development code in Lake Havasu City as well as those of our neighboring cities which is beneficial when interpretation is required.

Why do you want to serve on the Board/Commission/Committee you are applying for?

It will be my honor to serve on the Planning and Zoning commission. This is a position that serves a great purpose in assisting our community with developing the built environment. We have the ability to help uphold the standards that the City has created and ensure that future development adheres to these standards. This City is clean, beautiful and very development and business oriented and it is my sincere desire to give back to the community that has given so much to me and my family.
