To Whom it may Concern:

We held a meeting on the property of Victoria Farms Road, Parcel ID 120-03-024.

There was no response on Site. There was no response with e-mails. There was one phone call from Bill Wooding which lasted 10 minutes. Questions that were asked; What was my plan with the property, what the zoning would be and my future plan w/ water to be brought to the property. My response was that we were looking to add a Storage Yard for our Construction Materials, water was to be brought in from the street, as the water makes it's way up the street.

Thank you for your time and consideration.
