## COUNCIL COMMUNICATION

**TO:** Honorable Mayor and Council

**FROM:** Stuart Schmeling, Development Services Department

**SUBJECT:**

Adopt Resolution No. 19-3329 Approving and Authorizing Execution of Instruments Necessary to Vacate and Convey Parcel J, Approximately 5,000 Square Feet of Roadway, Between Lots 15 and 16 of Tract 2217, Block 17 (*Stuart Schmeling*)

**FUNDING SOURCE:**

N/A

**PURPOSE:**

To authorize the vacation and sale of Tract 2217, Block 17, Parcel J, a 20-foot by 250-foot City owned roadway located between two commercial properties.

**BACKGROUND:**

In October of 2018, Eric Wentz, owner of the adjacent property at 3517 Maricopa Avenue submitted a letter of request to City staff to purchase a 20-foot by 250-foot parcel adjacent to his property. City owned parcels such as Parcel “J” are located throughout the City, typically found in parking-in-common areas to be developed as a walkway to enhance parking-in-common areas, allowing pedestrian access to the alley.

Upon review, staff determined the property is no longer necessary for public use and could be sold. The utility companies were also notified to determine if the property is needed to provide services. In order to determine a

base value, staff contacted commercial real estate agents who provided a \$3.60 per square foot number based on comparable land sales. Using the \$3.60 price, a commercial value of \$18,000 was given to the property.

Staff sent a letter requesting a notarized signature expressing interest in the property for \$9,860.50 to each adjacent owner. Mr. Wentz and Mr. Michael Teschler, owner of 3513 Maricopa Avenue, responded expressing interest to purchase the portion adjacent to their properties at \$9,860.50 each, copy attached.

The property was posted for the required 60 days. If Council authorizes the vacation and sale of the property, a deed will be created, and the purchaser will take title and tie their portion of Parcel "J" to their adjoining properties.

**COMMUNITY IMPACT:**

N/A

**FISCAL IMPACT:**

Proceeds from the sale in the amount of \$19,721, in addition to future improvements to the property, will likely increase the assessed valuation and the City will receive additional property tax revenue.
